CBAP® Preparation Boot Camp

Introduction

The **Certified Business Analysis Professional™ (CBAP®)** designation is a professional certification for individuals with extensive business analysis experience. With at least 7500 hours of hands-on BA experience, CBAP® recipients are the elite, senior members of the BA community.

The **Certification of Competency in Business Analysis™ (CCBA®)** designation is a professional certification for business analysis practitioners who want to be recognized for their expertise and skills by earning formal recognition. With at least 3750 hours of hands-on business analysis experience, they have developed essential BA skills.

Benefits of IIBA® Certification

- Competence in the principles and practices of business analysis.

- Advanced career potential due to recognition as a professional business analysis practitioner.

- Personal satisfaction of accomplishing a milestone in their BA careers.

- Certification can improve overall performance, remove uncertainty and widen market opportunities.

- Potentially higher income for being formally recognized as an experienced BA professional.
